United Mill & Furnace Company. Incorporated in Montana, Mar. 2, 1893. Capital, $1,000,000; par value, $100. Officers: Geo. O. Eaton, president; James F. Chester, secretary. We do not find any trace of this company for a great many years and on Mar. 2, 1913 its charter expired by limitation. As far as we can ascertain, there is no market for the stock, which we believe valueless at the present time.

United Mines Company. Organized in August, 1924, in Colorado, a Common Law Trust. The company was active up to 1930, when it expected to open the White Crow Mine. Company still operating in 1931, and was reported to employ 10 men. Address: M. S. Brandt, 15 Citizens Nat. Bank Bldg., Boulder, Colo. The stock was last quoted at .02½ cents per share bid, 4 cents asked in May of 1932. Probably Sheffield & Company, 42 Broadway, N. Y. C., could move the stock around the bid price (1932).

Name	Date Charter Forfeited	Vol.
United Reproducers Corporation.	Value of Class "A" and "B" Stock of No Par Value. Incorporated Aug. 25, 1928, in New Jersey, and had their main office at 511 West Euclid Avenue, Springfield, Ohio. On Dec. 7, 1929, L. E. Noble and Geo. Cugley were appointed receivers, and are located at 604 Tecumseh Building, Springfield, Ohio. On May 16, 1931, it was reported that the Class "B" stockholders will receive two-thirds of the amount they paid into the company according to a settlement approved by Judge Robert R. Nevin in United States District Court at Dayton, Ohio, where the receivership is lodged. Class "B" stockholders had paid approximately $216,000 into the company. There are 150,000 shares of Class "B" stock outstanding and according to the above Class "B" stock has a value of 96 cents per share. However, the receivers have informed us as follows: "In September, 1929, warrants were issued to holders of United Reproducers Corporation 'B' stock of record, these warrants carrying the privilege of a subscription to additional Class 'B' stock at $6.00 per share. Warrants were exercised and subscriptions received for in excess of 39,000 shares. A contract had been entered into between the corporation and a Chicago underwriter with regard to any unsold portion of the offering. For various reasons the underwriter was able to be released from his contract and, as a consequence, the promotion for the disposal of the balance of the new issue was abandoned by the company. Shortly thereafter the funds received by the company on account of the sale of 39,000 odd shares were segregated by the officers of the company inasmuch as these officers were uncertain as to the rights of the subscribers in view of the unusual circumstances. This segregated fund remained in trust until distribution was authorized as indicated below. After the receivership, various groups of Class 'B' stockholders retained counsel who filed a petition in the United Reproducers case asking that this segregated fund be returned to the subscribers. Various of the creditors felt that this fund should be included with other assets for distribution to creditors on their allowed claims. After considerable negotiation between representatives of both groups a compromise agreement was entered into, which agreement was approved by the Hon. Robt. Nevin, Judge in the United States District Court at Dayton, Ohio, on May 9, 1931. As a result of this settlement agreement a portion of this segregated fund has been placed, by Court order, in the hands of Judge Harry N. Routzohn, Special Master in the United Reproducers action, 502 Callahan Building, Dayton, Ohio, and steps are shortly to be taken for a distribution of this fund to such of the subscribers to the September, 1929, new offering as are, in the opinion of the Court, entitled to receive such return. It is our understanding that notice has been sent, by direction of Judge Routzohn, to all original subscribers of record setting forth the time, place, and method of filing claim for such return. Inasmuch as the total assets of United Reproducers Corporation as accumulated by the Receivers are substantially less than half of the allowed claims of creditors, it is apparent that there are no funds available for distribution to stockholders other than the special fund mentioned above, which is for return only to those stockholders who subscribed to the new offering of September, 1929."

United Rico Mines, Ltd. 1

United Rock Asphalt Company. Value of First Mortgage 6½% Bonds due 1942. This company is located at 401 Heyburn Building, Louisville, Kentucky. Mr. I. G. Kaye informed us that he was appointed receiver of the company on March 1, 1930. Since that time, as receiver, he has instigated several suits for collections of items due him, and in one suit obtained the equipment of the Mill Construction Company. The properties are in condition to be operated, but he has been unable to find a company to operate them on a satisfactory basis, nor has he been able to interset the bondholders committee in taking the properties over and operating them. In view of these facts, it is impossible to give you any definite ideas as to the value of the bonds. Would say that whatever value there may be, it is probably small.

United Securities Corporation. Incorporated in Delaware, May 16, 1928. We are advised as follows by Mr. John B. Alkes, Secretary of the company: "This corporation never reached beyond the Promoter's hands, the Promoter being killed in August, and books belonging to the officers of the corporation were held by him, and since his death, things were in bad shape because all funds were held by the Promoter, and have never been found, I was later elected Secretary and wrote or told all stockholders the conditions and offered to put the company on a sound footing if they would release some of their holdings, but they would not comply, and the result is the company is no more, in the first place all United Securities possessed was the charter of the Mutual Fire Insurance Company of Montgomery County, Pa., and it was the intention of the Promoter to add other securities, but when I tried they held tight to their stock, with the result they are still holding, and the company is no more."

United States Cereal Company. Incorporated—Delaware December 17, 1918, is no longer in existence, having become inoperative and void March 18, 1925, and proclaimed by the Governor January, 1926, for non-payment of taxes. The last reported officers were as follows: President, W. D. McLean, 22nd Ave. and California St., N. E. Minneapolis, Minn; Vice-President, G. F. Maetzold, Minneapolis, Minn.; Treasurer, D. N. McBride, Minneapolis, Minn.; Secretary, J. W. Stone, St. Paul, Minn. Letters addressed to the company and its officers have been returned and marked "unclaimed." As far as we can ascertain there is no market for the stock which we believe valueless at the present time.

United States Food Products Corporation. Incorporated in New Jersey. In February, 1922, this corporation was adjudicated bankrupt. The funded debt of the corporation amounted to $10,842,000. In the reorganization of the company the bondholders received stock in a new corporation (National Distillers Products Corporation), and no provision was made for the stockholders. The capital stock of the United States Food Products Corporation is without value.

United States Gold Corporation. Organized 1903 in Colorado, with authorized capital stock of $3,500,000, par $1 of which $3,271,062 was issued. Property located in Boulder County, Colorado. From 1918 on company was inactive and has now been succeeded by the Livingston Mining Company. The old company and the present company address is John R. Wolff, Boulder, Colorado. The last reported officers of the old company were: N. P. Garretson, President; J. R. Wolff, Vice-President and General Manager; W. T. McGuines, Secretary-Treasurer. In June, 1923, the stock of the U. S. Gold Corporation, was offered at 3 cents a share with no bids and there are no other public quotations reported for the stock. There is no market for the stock of the old company or the new company, and in view of the idle condition of the mine, we do not attach any market value to the stock at the present time.

United States Light & Heating Company of Maine. This company went into receivers hands about 1915. A new company of the same name was organized about 1915 and the common stock of the old company was given the following: Common stockholders who have deposited their stock with the Guaranty Trust Company will be given the privilege of subscribing to the preferred and common stock of the new company upon payment of $2.50 per share of their present holdings of common stock and will receive $5.00 in new preferred and $20.00 in new common. Unless you have contributed your share by paying your subscription you lose your equity in this company. As you hold the actual stock, and not a certificate of deposit, we are assuming that you have not paid your assessment, leaving the shares without value.

U. S. Machine Gun Company. Incorporated — New York. We are unable to find any trace of this company for a number of years and believe it has gone out of existence. Furthermore the Secretary of State of New York, advises that he has no record of a company with the above title. The following are the most recent quotations of which we have record: Common Class 3—Sold at auction 1927, 5 at $1 the lot. Common Class 4—Sold at auction 1922, 1 at $.25. Class A Trust Certificate—Sold at auction 1928, 100 at $2 the lot. In view of the above we believe the stock valueless at the present time.

United States Machinery Manufacturing Company. Incorporated—Massachusetts. The company filed its last annual report on May 5, 1925 at which time the following were officers: D. H. Nash, Amherst, Mass., President and Director: I. N. Hubbard, Holyoke, Mass., Treasurer and Director. We find no trace of the company since that time and believe it went out of existence. On March 31, 1929 the company was dissolved. We are advised by the former treasurer that the company was forced into receivership and has been put out of business. There is no market for the stock, which we believe valueless at the present time.

U. S. Metal Cap & Seal Company. Incorporated—Delaware. In 1925 this company changed its name to the Upressite Metal Cap Corporation now located at 420 Lexington Avenue, New York City. We are informed that the stock of the old company can still be exchanged for stock in the new company. For this transfer the stock should be sent to the Corporation Trust Company, 120 Broadway, New York City, who act as Transfer Agent. The common stock of the new company is quoted at about $.10 bid (1930).

U. S. & Mexico Development Company. Incorporated—Arizona, 1903. This company has failed to file any reports since the time of its incorporation and on July 28, 1928 its charter expired by the twenty-five year statutory limitation. It is our belief that the company has been out of existence for a great many years. As far as we can ascertain there is no market for the stock which we believe valueless at the present time.

U. S. Mexico Homestead Exchange.	Okla. 1910.	
United States & Mexico Mining Co.	Okla. 1910.	

United States & Mexico Petroleum Company. The stock of this company has no value. The last sale, of which we have record, occurred on December 24, 1930 when 500 shares were sold at auction for $20 for the lot.

United States & Mexico Syndicate. Incorporated—New Jersey June 10, 1882, and had their office at Camden, New Jersey. Last reported officers—Pres., Wm. Lang, Wilmington, Del.; Vice-Pres., Geo. W. Baker, Wilmington, Del.; Secretary, E. H. Cook, Wilmington, Del.; Treasurer, J. J. Peirce, Wilmington, Del. Corporation expired by limitation of its charter May 25, 1931. We believe the company went out of existence many years ago, and the stock worthless.

United States Mica Company. Incorporated under the laws of South Dakota, and the only record we find is that the stock was offered at Denver, Colorado in 1924 at 20 cents per share, with no bids. We have been unable to find any trace of the company since then and believe the shares are valueless.

United States Motor Company. Incorporated in New Jersey about 1908 and was reorganized after foreclosure sale in December, 1912 as the Maxwell Motor Company, Inc., and stock was exchange on following basis:

U. S. Motor Co.	Assessment Paid	Rec'd Max'll Mot. Co., Inc. 1st Pfd	2nd Pfd.	Com.
$100 Preferred	$24	$24	$25	$30
$100 Common	$24	$24	$17.50	$30

In April, 1925 the stock of the Maxwell Motor Corp. was exchanged for Chrysler Corp. on following basis: Each share Class "A" will receive one share Chrysler Preferred and one-tenth share Common. Each share Class "B" will receive one share Chrysler Common. We suggest you write to Chrysler Corp., Highland Park, Mich., to ascertain whether or not these exchanges can still be made.

United States of Freedom. Certificate dated October 31, 1895. This was probably a patriotic organization, and apparently did not last long for we found no record of the association from 1900 to date. We made a thorough search for the officers, and failed to find any trace of them. It is our opinion that the certificate is worthless.

United States of Mexico and the States of Tamaulipas and San Luis Potosi. Value of 7% Bonds dated 1865 due 1885. The bonds were issued by President Benito Juarez when he established the U. S. of Mexico at San Luis Potosi in opposition to the government established in Mexico City by the French with Maximilian as a figure-head. In 1882 a Wall Street banking firm failed and among its assets was a block of 4,973 for this issue. These bonds were bought at a nominal sum at a bankruptcy sale. Whether these bonds will ever be recognized is a question. There is no such bonds for the combined states, but are known separately and have bond issues issued later than this one. This issue was not included in the settlement of 1922. It is an issue similar to our Southern bonds put out during the confederacy. Whether the bonds will ever be paid is doubtful. It is our opinion that the bonds have no value.

United States Sealed Postal Card Company. Incorporated in New York and had an office at 75 Maiden Lane, New York City in 1892. Capital paid in cash, $7,500. The assets of the company consisted entirely of patents that proved to be worthless. The company failed soon after and dissolved in 1895. Mr. Howard Whitfield of 16 Vestry Street, New York City, was associated with this company at that time and informed us that they merely had desk room for an office and the venture was a complete failure. The shares are of no value.

United States Steamship Company. Incorporated in Maine and was engaged in the shipbuilding business in 1917. The company paid dividends on its stock up to and including January, 1919. In February 1919, the Groton plant was in receivers hands, inability to collect payments due and failure of the government to make a loan of more than $1,000,000 were responsible for the receivership. In June 1920 the U. S. Ship Corporation was organized in Maine for the purpose of merging the U. S. Steamship Company and the U. S. Transport Company. At the time it was reported that 4 shares of new stock were to be exchanged for each 5 shares of either company. On July 11, 1922, the U. S. Ship Corporation failed and the stock was assessed 5 cents per share by the protective committee. Andrews, Nelson & Gardiner, attorneys, Augusta, Maine, advised us that the corporation was still in receivership in 1928 but no assets have come into the possession of the Receiver nor are there any future prospects for realizing anything. The stock of the subject company is without value at this time.

United States Steel Wheel Corporation. Incorporated in Delaware and is no longer in existence its charter having become inoperative and void on April 1, 1929. We have searched our own files and many other sources of information available to us, but can find no record of this company being in existence at the present time. Banks located in the district where the company is supposed to have conducted business advise us that they have never heard of the company. We have referred to one man, whom it was thought, could give us the data we desired but he advised that he had no connection with the company and could give us no information. It is our belief that the company has gone out of existence. As far as we can ascertain there is no market for the stock, which we believe has only a nominal, if any, value at the present time.

United States Window Glass & Machine Company. Incorporated—New Jersey, August 29, 1906. Capital—$500,000. Par Value—$100. Officers—James H. Snowden, President; Ida Spalding, Vice-Pres. and Treas.; M. G. Duchworth, Sec. Address—304 Market Street, Camden, N. J. On January 28, 1928, the charter of this company was forfeited for nonpayment of taxes. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

United States Wireless Printing Telegraph Company. The stock of this company was sold before the company had ever perfected a telegraph typewriting machine. Investors thought that they were buying stock for the manufacture of such machines,

Name	Date Charter Forfeited	Vol.
whereas the company was still experimenting. Several companies of this same nature were incorporated with the same men behind them. Unfortunately, we are unable to locate any at the present time. There is no market for the stock of the U. S. Wireless Printing and we believe it valueless at the present time.

United Texas Petroleum Co. Incorporated—Delaware, 1919. Capital—Authorized $1,500,000; issued 600,000 shares; par $1. Property—Leases on 10,000 acres in Maverich County, Texas. Officers—J. M. Terrell, President; Geo. O. Wilson, Secretary. Office in 1921—120 Broadway, New York City. We find no trace of the company after 1923 and believe it went out of existence at that time. On January 19, 1925, the company's charter was forfeited for non-payment of taxes. In January, 1929, 50 shares of stock sold at auction for $2.10 the lot. In view of the above we believe the stock has only a nominal, if any, value at the present time.

United Thacker Coal Company. Last report received December 12, 1930. Organized under the laws of Maine, 1903, and conducts its principal place of business at Bangor, Maine. Mr. T. Irving Hadden of 62 W. 47th St., New York City, advises us that the company is still in existence and all of its stock is very closely held. There have been no sales or quotations of the stock for a long time, and he hesitates to place a value on it. The company does not publish a statement as they have sufficient money in the bank and do not need to establish credit. At present they own approximately 22,000 acres of land in West Virginia some of which is being operated under lease. Mr. Hadden advised that all stockholders are known to him and anyone wishing to obtain information concerning the company can do so by writing him direct.

Universal Movement Company. Incorporated under the laws of the State of New Jersey on December 8, 1893, with a capital of $500,000 and was located at 21 Prospect St., Newark, N. J. On May 4, 1897 the charter of the company was declared null and void. The last known officers were: President, J. L. Follette, New York City; Vice-President, J. M. Foster, Newark, N. J.; Secretary, H. L. Follett, New York City. We traced the above men through various ventures up to 1911 and found that all the companies were failures. It is our opinion that the shares are without value.

Universal Sand & Gravel Corp. Incorporated—New York, April 27, 1927. Mr. J. Leiper Winslow of Baltimore, Md., advised us that the company owns a property located in New Jersey, but that the corporation is in financial difficulties and that foreclosure proceedings were instituted in connection with an issue of bonds secured by the property and that while it was his hope some value might be realized, he was somewhat doubtful of the outcome, and was inclined to consider the bonds being without value. (See Safe Deposit & Trust Co. of Baltimore, Md.)

Universal Thrift Absorbing Wheel Corporation. Incorporated—Delaware. We have searched our own files and many other sources of information available to us, but can find no record of a company with the above title. Furthermore the Secretary of State of Delaware advises that he has no record of such a company being incorporated in that state. It is our belief that the company is out of existence. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Universe Publishing Company. This company was incorporated under the laws of Illinois on February 2, 1892 for a period of ten years. Therefore, the charter expired by limitation of corporate duration, February 2, 1902. We find no trace of the company since that time and believe it out of existence for a number of years. There has been no market for the stock for some time and we submit it as valueless at the present time.

Utah Colliery Company. Incorporated—Utah. Officers—Clarence E. Eaton, President, Portland, Me.; T. L. Crotean, Treasurer, Portland, Me. B. M. Maxwell, Clarence E. Eaton and T. L. Crotean were named as directors. This company lost its right to do business in the State of Utah in 1912 for failure to pay taxes. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Utah Consolidated Mining Company. Incorporated—March 4, 1903, in New Jersey. Capital—$1,500,000. Par—$5. Office—25 Broadway, New York City. Officers—R. H. Channing, President; Adolph Lewisohn, Vice-President; A. H. Melin, Secretary and Treasurer. We understand this company went into bankruptcy in 1924 and the company was succeeded by the Utah Delaware Mining Company. We find no trace of either company at the present time and believe the stock of the Utah Consolidated valueless at the present time.

Utah Lead Company. This company was incorporated under the laws of the State of Delaware on February 27, 1924 and had a capital stock of 500 shares of no par value stock, all of which was issued. In the Spring of 1925 it was reported that the Utah Lead Company leased the property of the Columbus Mining Company of Coeur d'Alene, which property was reported to consist of sixteen claims in Eagle District, Shoshone County, near the Jack Waite Mine, 6 miles north of Murray, Idaho. The Columbus Mining Company had been

*See page 1 for information.

Name **Date Charter Forfeited** **Vol.**

inactive in 1922 but reported idle in 1923 and much of 1924 and was subsequently leased to the Utah Lead Company, who were reported in 1926 to be operating the mines under option. The officers of the company are: M. Davidow, President; R. L. Barnett, Vice-President; M. B. Weintraub, Secretary-Treasurer, with M. C. Bayhinson and Michael Barnett Directors.

Utah Valley Gas & Coke Company. This company was incorporated to take over the property of the Utah Valley Gas & Power Company. Directors are A. W. Brook of P. W. Brook & Company, Inc.; W. H. Breveton, President of State Bank, Provo, Utah; Thos. F. Pierpont, A. F. Boringer, Fred W. Freese. In 1927 contracts were signed for the sale of the gas properties of this company to W. B. Foshay & Company. At present this latter company is in the hands of a receiver and we will be unable to obtain any further information on the company for some time to come. We suggest you communicate with Jos. Chapman, Receiver, Foshay Tower, Minneapolis, Minn., and request him to send you the desired information when his work is completed. Or apply to P. W. Brooks & Co., New York City, who originally offered stock (1929).

Utica Gold & Silver Mining Company. Incorporated—Virginia, February 16, 1864. Capital—$360,000; par value $200. We have searched our own files and many other sources of information available to us, but can find no trace of the above named company for a great many years. The Secretary of State of Virginia advises that he has no record of such a company having been incorporated in that state. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Utica Heat & Light Co. 1
Utica High Class Perfumes and Toilet Waters Inc. N. Y. 1929.
Utica Hill Gold Mining Company. Incorporated in Arizona over 20 years ago and is no longer in existence. On February 6, 1915, 2,575 shares of stock were sold at auction for $12 the lot and a $500 First Mortgage 6% bond for $8 the lot. We hold some First Mortgage bonds of this company and were informed by a former officer some time ago that the bonds were without value. Therefore, it is reasonable to assume that the capital stock is without value.

Valier Montana Land & Water Company. We are informed that the stock and Second Mortgage Bonds of the above named company were without value as of January 4, 1929. The First Mortgage Bonds may eventually pay out, as to principal, but they will be very slow. The interest on the First Mortgage Bonds has been paid up to and including July 1, 1927 and in the event that a holder of these bonds has not received same, it can be had by sending the bonds to the Guaranty Trust Company. In view of the above we believe there was no actual market for the First Mortgage Bonds as of January 4, 1929 and submit only a nominal value as of that date.

Valley Forge Mining Company.	We were informed by George H. Barbour of Helena, Mont., that the charter of this company expired in 1926. The ore bodies were exhausted and the mine has not been operated since 1914, excepting to represent unpatented claims. The unpaid debts at that time amounted to $30,000. In view of the above, we do not believe the stock had any value in 1914.

Vantine's Boot Shops, Inc.	N. Y. 1929.	
Vantine's Retail Stores, Inc. Incorporated in Delaware and was engaged in the oriental merchandising business with an office at 664 Fifth Avenue, New York City in 1929. George B. Pattison, President, 19 West 44th Street, New York City. Donaldson Douglas, Treasurer. We were informed by Graves & Yawger, attorneys located at 20 Pine Street, New York City, that the company went into bankruptcy about 1929 and it was their recollection that there was no equity left for the stock, which is without value.

Ventura Oil & Refining Company. Incorporated under the laws of the State of Maryland about 1902. The State Tax Commission of Maryland was created in 1914 and at that time all corporations in existence were required to report to this Commission, and all corporations formed subsequent to 1914 came under the jurisdiction of said Commission. There is no record of this company in the files of the State Tax Commission. No doubt it was dissolved or the charter forfeited prior to 1914. We have searched our Petroleum Registers from 1914 to date and found no record of this company. It is our opinion that the company went out of existence before 1914 and the shares are without value.

Verdi Divide Mining Company. Par 1 cent stock. Incorporated—Nevada March 21, 1919. Capital—$15,000. Par—1 cent. Officer—A. Revert, Verdi, Nevada. Officers and Directors—A. Revert, President; B. L. Revert, Vice-President; F. B. Revert, Secretary & Treas. The company has been idle for several years; however, some of its property is leased to the Ben Hur Divide Mining Company. There has been no market for the Verdi stock for some time and we believe it had no more than a nominal value, if any, as of January 4, 1929.

Ver Planck Estate. The Ver Planck Estate is located at 50 East 42nd Street, New York City. Mr. Edward S. Avery, President, informed us that the deplorable condition shown on their balance sheet resulted from a decline in the market values of Willys Overland Common Stock. The Van Dyck Estate suffered a shrinkage in the market values of its cash assets and its rubber-on-metal agreement with the United States Rubber Company was terminated recently by the rubber company. The Van Dyck Estate stock, both preferred and common, that is carried on the balance sheet at $93,023.53 should be carried at zero for the following reasons: Its principal asset is a new rubber-on-metal process, which will drive the old electroplating process not in use out of the rubber industry. This process consists of hot-dipping steel products in molten brass alloys which bond with rubber during vulcanization. The process is inexpensive and affords the best-known bond between rubber and metal. The United States Rubber Company is to negotiate for the use of this new process. The right to coat steel tanks with copper is under negotiation. At present the company is using all available cash for development work. The above mentioned processes are in their development stage, and can hardly be considered an asset until they have proved their worth. The ideas may be good, but whether the big companies that would have use for these processes would consider the present, the right time to install new processes, is a matter of speculation. In view of the above we do not believe the stock of the Van Dyck Estate has any value at present. The principal asset of the Onderdonk Estate is 630 shares Common Stock of the Ver Planck Estate. Summarizing these various conclusions, deponent submits the following:

As of October 1, 1931		Assets	Revised Assets
Cash in Bank		$ 11.47	$ 11.47
Willys Overland	(600 Com.)	1,800.00	1,800.00
Van Dyck Estate	(759 Com.)	90,514.78	0
do.	(54 Pfd.)	2,508.75	0
Onderdonk Estate	(10 Com.)	500.00	0
do.	(10 Pfd.)	500.00	0
To Balance		154,165.00	0
		$250,000.00	$1,811.47

Liabilities	
Capital Stock Preferred 1250 Shares	$125,000
Capital Stock Common 1250 Shares	125,000
	$250,000

Book value per share of Preferred Stock... $1.45

As there is no value to the Common Stock of the Ver Planck Estate, the shares of the Onderdonk Estate have no value. Therefore, we believe that $1.45 per share is a fair value for the Preferred, and no value for the Common Stock of the Ver Planck Estate, and submit them as such as of the present time.

Victoria Land & Improvement Company.	Incorporated—Virginia. We are advised that a company by this name was organized a great many years ago, but was dissolved sometime prior to 1903. The company had an office in Salem, Va., but no trace of it can be found for a long time. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Victory Gold Mines, Ltd.	Incorporated January 12, 1918, in Ontario and was located at 36 King Street, Toronto, Ont. Our correspondent informed us that they were referred to H. H. Sutherland of 112 Yonge Street, Toronto, a well known mining promoter. He reported that the company lost its property in Nova Scotia through a sheriff's sale. We were also informed that it was a stock selling scheme from the start, and that the shares are without value. In view of the above we submit the shares as worthless.

Viking Gasoline Corporation. This corporation is located at Charleston, West Virginia, and informed us that on August 1st the Viking Distributing Company, a corporation organized by the Columbia Oil & Gas Corporation, leased the properties of Viking Gasoline Corporation for one year at an option to purchase same. There is no activity in stock of Viking Gasoline Corporation at this time, and there will probably be no market for same within the near future. If the Viking Distributing Company exercises its option to purchase Viking Gasoline Corporation, stockholders should realize between $3.50 and $4.00 per share on this stock.

Viking Gold Mines, Ltd.		3
Viking Gold & Silver Milling & Mining Co.		3

Viking Laboratories, Inc. Incorporated in Maryland and is located at Charleston, West Virginia; post office address, Box 824. We were informed that this company has been inactive for some time, and they know of no market for the stock. The company also stated that they do not believe the final liquidation will show any value to the stock. Therefore, it is our opinion that the shares have only a nominal, if any, value.

Villamoro Gold Mining Company. Value of capital stock, par value $10.00, dated 1924 and 1925. We have searched our Mexican mining books from 1925 and found no trace of this company. The "Mines Handbook," (Mexican and Canadian Section), the only recognized authority on mining companies, does not list this company. We have searched our stock records back to 1924 and found no market for the stock of this company. It is our opinion that the company went out of existence about 1925, and the shares had no value that year.

Virginia Carolina Finance Company.	Incorporated—Virginia October 6, 1925 and in May 1928 its charter was revoked for failure to pay annual registration fees for two years. The last reported officers in 1926 were—J. Frank Marshall, Pres., High Point, N. C., Dan R. Schroeder, Vice-Pres., High Point, N. C., Mrs. Emma Poole, Secy. & Treas., High Point, N. C. We are informed that the company is defunct and are unable to find any market for the bonds at the present time. Letters addressed to the officers have been unanswered and it is our belief that the bonds are without value.

Name	Date Charter Forfeited	Vol.
revealed to Dr. Flower in Persia. According to reports Dr. Flower is entitled to a place in the front rank of American crooks. He was arrested in Philadelphia at the time he sold the stock of this company, but jumped bail. In 1914 it was reported that Dr. Flower, the aged swindler, was sentenced to two years in jail after a police chase of eleven years. We submit the shares as worthless.

Vista Hermosa Sugar & Mercantile Company. We are unable to find any trace of this company at the present time and believe it has gone out of existence. It was a case where the company		

Name	Date Charter Forfeited	Vol.
issued 7,000 income trust certificates whereas they only had 2,000 acres of land. Furthermore, the company filed papers wih a Kansas City Trust Company purporting to show perfect title to the 7,000 acres free and clear of all indebtedness whereas they had only an option on 2,000 acres, which was purchased with $80,000 of money paid in by purchasers of certificates. The property was also covered with a $12,500 mortgage of which certificate holders knew nothing. As far as we can ascertain, there is no market for the stock, which we believe valueless at the present time.

Wabash Clay Company. Incorporated in Indiana on January 22, 1892, having its principal office located at Veedersburg, Indiana. Officers, 1913—C. C. Orthwein, Pres., Kansas City, Mo.; A. H. Bauer, Vice-Pres., St. Louis, Mo.; L. A. Culver, Jr., Sec. & Treas., Veedersburg, Ind. This company is delinquent in the filing of its annual corporation reports since 1913, therefore the Secretary of State is unable to state the present staus of this company. However, the records do not show of it ever having been dissolved.

Wabash Consolidated Mining Company		3
Wabash Consolidated Oil & Placer Mining Co.	Okla. 1910.	

Wabash & Erie Canal Stock. There is no revenue available for payment on the above stock. State participation in the financial affairs of this enterprise was prohibited by statute many years ago, and we know of no method by which any recovery might be had. We have definitely decided that this stock is worthless.

Wabash Railroad Company.		2

Value of Preferred Stock. This road was foreclosed and reorganized in 1915 to form the Wabash Railway Company. The Plan of Reorganization provided for the deposit of the Common and Preferred Stock of the Wabash Railroad Company and the payment of an assessment of $30.00 per share. As practically all of the stockholders of the old company did not pay the required assessment, the burden of paying the receivers indebtedness was assumed by the bondholders. Stock that was not deposited under the above agreement was barred from the reorganization and is now worthless.

Wachlin, A. B., Co.	Mass. 1932.	
Wachman Mining & Milling Company, Ltd.	Incorporated—Ontario November 3, 1919. Capital—$500,000; par value $1. Company was organized by R. Wachman to acquire 2,100 acres of mineral lands at Contact Bay, Wabigoon Lake, Kenora. The company is said to have spent $100,000 in development work, but in 1921 creditors attached property and Emil Steelheimer of 5918 Augusta Avenue, Chicago, together with others formed a protective committee. Mr. Steelheimer referred us to Robert Wachman, 615 West 150th Street, New York City, for further information and as yet have not heard from him. For tax purposes we do not believe the shares have more than a nominal, if any, value.

Wadeolene Company (Los Angeles, Calif.). Value of Ownership Interests dated 1923. Incorporated in California. The Department of State of California advised us that they were unable to find any record of a corporation by the above name. However, on April 4th, we directed a letter to the company at Los Angeles, and our letter was not answered nor returned.		
Wadeolene Company of Los Angeles. Our letters addressed to the company at Los Angeles, Calif., were returned, marked by the Post Office "unclaimed." Brokers in the vicinity have never heard of the company. It is our opinion that the company is out of existence and the shares worthless.

Wanamaker Dress Shoppe. Mich. 1926.
Wanamaker, Inc. 3
Wanamaker-Missimer Mfg. Co. 1
Wanapah Mining Company 1
Wanaque River Paper Company. Incorporated—New Jersey, June 17, 1891. Capital—$50,000 increased to $100,000 May 24, 1893. Par value—$100. On July 8, 1921, this company was dissolved by action of its stockholders and we find no trace of it since that time. There is no market for the stock as far as we can ascertain and in view of the above believe it valueless at the present time. Please note this report is on the Wanaque River Paper Company as we find no record of a New Jersey Corporation by the name Wanaque Paper Company.

Wanner, Louis, Jr., Inc. 1
Wanner Malleable Castings Company. Incorporated in Delaware, 1923. Address—Hammond, Indiana. This company is practically controlled by Mr. Harry C. Wanner. There is no market for the stock and at the present time the plant is shut down. This, of course, is caused by slack automobile business. A former officer of the company advises that he has been trying to sell a large amount of stock for the past two or three years but has not been successful.

Warfield Coal & Salt Company. Examination of the records of the State Corporation Commission does not reveal the name of such a company. You mention the fact that the stock is dated Nov. 18, 1871. At that time charters were granted by the State Legislature; however, the present Corporation Commission has a fairly complete record of all the chaters granted before and since its creation. In 1852 a charter was issued to the Warfield Coal & Mining Company. This company, however, never made a report to the then existing authorities and the charter has long since ceased to operate. We do not find any market for the stock and believe it valueless at the present time.

Warner Baking Powder Company. Incorporated—New Jersey. We are informed as follows by Mr. Wm. D. Patten, former director of the above company, located in the Chrysler Building, New York City: "In 1910 the Warner Baking Powder Company passed out of existence in an insolvent condition. The company was financed by Dr. L. C. Warner and after company funds were exhausted, he advanced money in a personal way to continue the effort to establish a family baking powder. The effort was not successful and Dr. Warner finally took over the tangible property remaining and wrote off a personal loss of over $50,000. The only stock outstanding not held by our immediate circle was certain stock which I presented to Mr. George H. Mallett at a time when I expected it to be of value. Upon Mr. Mallett's demise, inquiry was made by the family as to whether or not the stock had a value and they were at that time informed as to the facts herein recited."

Washington Real Estate Company.	Incorporated in Virginia and was located at Alexandria, Va. Mr. W. H. Baden, former secretary of the company, now Vice-President of the Washington Loan & Trust Company, Washington, D. C., informed us that the company has ceased to exist. Its assets were insufficient to pay its funded debt after foreclosure, leaving no equity for the stock which is without value. In view of the above we submit the shares as worthless.

Washington-Virginia Railway. At the auction sale of the properties of the Washington-Virginia Railway Company that part of the railway extending from Washington, D. C., through Alexandria, Va., to Mt. Vernon, was bought in by the bondholders' committee of the bonds known as the Washington Alexandria & Mt. Vernon 1st 5s, bearing date of March 1, 1905 and secured by mortgage to the Real Estate Trust Co. of Philadelphia. In order to continue the operation of this line the bondholders' committee caused a new charter to be obtained (in Virginia, July 26, 1927), the new company being known as the Mt. Vernon Alexandria & Washington Ry. Co., and 4,800 shares of the no par value capital stock of the new company out of 5,000 shares authorized by its charter are being issued to the bondholders' committee for the benefit of the bondholders who have deposited their bonds with the committee, amounting to about 95% of the total issue. There has been no reorganization of this company, but the operation is continued in the manner provided by law and for the benefit of the depositing bondholders. This is what is known as the Mt. Vernon division. Gardner L. Booche is President with offices at 108 North St. Asaph St., Alexandria, Va. Other officers are: Lewis H. Parson, Vice-Pres., Philadelphia; Harison Emhardt, Sec.; Geo. E. Warfield, Treas., Alexandria. Directors are composed of foregoing officers and the following: William G. Baker, Baltimore; J. W. Rich, Washington; Samuel F. Steele, Philadelphia. At the auction sale of the properties of the Washington-Virginia Ry. Co. the Falls Church division, extending from Mt. Vernon Junction in Arlington County through Clarendon to Fairfax Court House, and from Rosslyn in Arlington County to Nauck, were purchased by a representative of the holders of bonds secured by the 1st and 2nd mortgages on this property. This property was subsequently sold by the purchaser to a group of Arlington County and Fairfax County citizens who formed a new company known as the Arlington & Fairfax Ry. Co. (organized in Virginia), to continue the operation of this division of the road. M. E. Church is President of Arlington & Fairfax Ry., with office at Falls Church, Va., and 1202 Pennsylvania Avenue, N.W., Washington, D. C. The capital stock of the Arlington & Fairfax Ry. consists of 200 shares of no par value. It has an authorized issue of $125,000 1st mtge. 5% bonds, of which $120,000 issued. There is also an authorized issue of $200,000 6% 2nd mtge. bonds, of which about $75,000 have been sold at par, with one share of stock with each $100 bond issued. According to the above, no provision was made for the stock, and in our opinion it is apparently worthless.

Wellington Development Co. Incorporated—Arizona about 1907. Capital—$3,000,000. Officers—W. W. Degge, President; R. R. Fish, Secretary. We find no trace of this company for a great many years and believe it out of existence. In 1910 the stock of this company was reported worthless and in view of the above believe it valueless at the present time.

Welte-Migmon Corp. Mr. W. S. Schwabacher, of 115 Broadway, New York, has been receiver of the company since February, 1929. All of the assets have been liquidated, and to date he has only been able to pay a dividend of 70% to creditors. The creditors will never be paid in full, and both the common and preferred stocks are, therefore, in Mr. Schwabacher's opinion entirely without value.

one of the many promotions of J. C. Van Riper, who maintained a stock factory on Fulton Street, New York City, many years ago from which a million get-rich-quick circulars would be mailed in a single day. The Werdenhoff property was in what was known as the "Thunder Mountain" district of northeastern Idaho, 180 miles from the nearest railroad tangent. Thunder Mountain was "discovered" by a certain Boise merchant and heralded to the world as a veritable mountain of pure gold. Not fewer than a thousand mining companies were organized and millions invested. There was undoubtedly gold there, but it could not be recovered and the camp was abandoned long ago. The charter of this company was revoked by order of the Arizona Corporation Commission on June 28, 1927 for failure to pay annual registration and report filing fees.

West Coast Iron & Steel Company. Incorporated under the laws of Delaware in 1924 with a capital stock of $5,000,000, consisting of 500,000 shares par $10 each. Officers are located at 115 Broadway, New York City. This is a holding company and all its stock is issued for its mining properties. 90% of the stock is pooled, and the owners do not want to sell as they are developing and equipping the mines. The balance of the stock is scattered, and now and then some of it is offered for sale, but the company discourages their stockholders from disposing of the stock, as they deem it valuable, and feel confident that they will reap a rich reward. The policy of the company is not to make a market for the stock until they are on a dividend paying basis. If your client wishes further information we suggest that he call at the company's office at above address.

Name	Date Charter Forfeited	Vol
West Coast Smelting & Refining Company. Organized—Arizona, June 1, 1908. Capitalization—$10,000,000; par $10, issued $751,000. Debentures—$750,000 issued, $420,000 at 6%. Lands—1,156 acres in the Altar district, 42 miles from Carbo, the nearest railroad point. Office—501 Columbia Bank Bldg., Pittsburgh, Pa. Officers—W. B. Duvall, President; F. C. Weaver, Vice-President; H. G. Lupold, Sec. and Treas. Other Directors—C. H. Kittredge, G. G. D. E. Van De Weiff, Wm. Schutte and A. Van der Schuyt. We find no trace of this company since 1916 and believe it has gone out of existence. As far as we can ascertain there is no market for either the stock or bonds of this company, which we are advised have no value as all the assets were sold some ten years ago.

West Columbus Copper Company. This company was organized a great many years ago and owned certain property located in Alta, Utah. This property proved a disappointment, however, and was abandoned in 1908. Since that time the company is reported to have had no business and we believe its stock is worthless at the present time.

West End Opteca Mines Company.	Incorporated—1920. Capital—$3,000,000. Par—$1. Officers—F. M. Smith, President & Treasurer; Geo. C. Ellis, Secretary. Property—1,500 acres located in Honduras. On April 1, 1921 the West End Consolidated Mining Company which had financed development, turned the property over to the West End Opteca receiving 1,788,486 shares for the property. These shares were distributed as a dividend to West End Consolidated shareholders. Early in 1924 all operations on the mine were suspended due to political unrest in Honduras. There is no market for the stock as far as we can ascertain.

West Indian Development Co. Incorporated March 17, 1911, is in existence with offices in Delaware with the Delaware Registration Co., 100 W. 10th St., Wilmington, Delaware, and the following are the names of the officers: President, Otto H. Fuerth, 52 Wall St., New York City; Vice-President, Evans R. Dick, 342 Madison Ave., New York City; Secretary, Stoddard M. Stevens, Jr., 48 Wall Street, New York City; Treasurer, Stoddard M. Stevens, Jr., 48 Wall St., New York City. The chief asset of this company was a stock interest in the National R. R. of Haiti, which company is, and for a number of years, has been in receivership under the jurisdiction of the U. S. District Court for the Southern District of New York. We do not know of any market for the stock and believe it practically worthless. It has long been entirely inactive.

West Jersey Central Railroad Company. Incorporated in New Jersey by special act of Legislature of that state in 1859. We have searched our records and failed to find any record of the company or evidence that they ever constructed a railroad. The Pennsylvania Railroad informed us that this railroad has never been part of their system. It would appear that your bonds are worthless.

West Star Mining Company. Incorporated in Nevada and is apparently in existence, although they are delinquent in the amount of $7.50 for failure to file the 1930-1931 return. F. W. Lockman of Unionville, Nevada is the agent of the company. Two letters to him have neither been answered or returned. We have found no record that the stock ever had any value, and it is our opinion that the stock has only a nominal, if any, value at the present time.

West Superior Iron & Steel Company. This company was organized under the laws of Minnesota in 1888 and went into receiver's hands in 1895. The Central Trust Company of New York, which, as trustee for the mortgage for $1,300,000, foreclosed on the property. Under the plan of reorganization, dated January 16, 1897, stockholders who paid an assessment of $15.00 per share received $15.00 in first mortgage bonds of the new company and 2% in common stock. The stock, on which the above assessment was not paid, is without value.

West Virginia Central Railway Company		2
West Virginia Coal & Coke Company. Value of Class "B" Preferred Stock. Incorporated December 26, 1924 in West Virginia. On December 2, 1927 receivers were appointed for the company by the United States District Court, Charleston, West Virginia. On July 9, 1929 the properties of the company were sold at public auction for $500,000. The name of this company was changed to West Virginia Coal & Coke Corporation and bonds were exchanged for stock of new corporation on basis of 40 shares of stock for each $1,000 bond. There were $9,650,000 of First Mortgage Bonds outstanding. The amount received at the sale was insufficient to pay bondholders in full, leaving no equity for all classes of stock, which are without value.

West Virginia Co.		1
West Virginia Consolidated Oil Company. In making a further investigation of the above company we have found that for the last three years the company paid dividends at the rate of 4 per cent. a year. The properties owned by the West Virginia Consolidated Oil Company are old properties and they have gotten no new developments recently and it is impossible to say, owing to the oil situation, how long dividends will continue, although we have a report from the West Virginia Consolidated Oil Company of Parkersburg, West Virginia saying that sales that they know about of this stock were made at the price of 50 cents a share and they believe that this price is the actual value of the stock.

Westchester & Van Nest Land Company. Capital—$40,000. This company had an office at 64 Pine Street, New York City in 1901, and Eli H. Bernheim was President. After 1901 we are unable to find any trace of the company and believe it went out of existence about that time. As far as we can ascertain there is absolutely no market for the stock, and in view of the fact that it has been carried at zero in inheritance tax appraisals, we sumbit it as such at the present time.

Western Copper Mining Company.	Incorporated — Maine. Officers—John A. Powers, President; Michael A. Boldt, Secretary; Ed. Woram, Treasurer. Address—(1923)—229 W. 42nd Street, New York City. W. J. Weller, director, informed us that the bonds have no value as far as he is concerned. The company still has their property, but could not get anything for it at a foreclosure sale. Probably the bondholders did not think it worth while to foreclose. It is our opinion that the bonds had only a nominal, if any, value as of January 31, 1929, and submit zero for the capital stock as of that date.

Western Empire Petroleum Corp. The Coalville Utah well of the company (the purpose of the organization of the company was to drill this exploratory well) was drilled to a depth of 3820 feet when they encountered hot sulphur water, which, of course, spelled "finish." There was expended at Coalville on drilling operations approximately $225,000.00 and five years were consumed in operations. Of this $225,000, the sum of about $40,000 was raised in Salt Lake City, Ogden, Coalville, and Park City Utah; the balance was supplied by Messrs. Doyle and McKeon of Los Angeles. Upon completion of drilling operations the machinery and equipment was sold for $7,500 and the well for $8,000. Coalville City bought the well in order to secure the hot sulphur water for a public bathing resort. Out of this $15,500 so secured all debts of the company were paid and the balance turned back to Doyle and McKeon for funds loaned by them to the company. Doyle and McKeon took a loss of about $170,000.00 on the venture. Drilling operations were suspended in August, 1927. We believe the stock worthless.

Western Magazine Company. Incorporated May 14, 1910, in South Dakota and was located at Chicago, Ill. The incorporators were as follows: John F. Rosen, Chicago, Ill.; Philip Lawrence, Huron, S. D.; Dora Krinsky, Chicago, Ill. We have searched our manuals of domestic and foreign corporations of the State of Illinois back to 1932 and found no record of this company. It is our opinion that the company went out of business some time before 1922 and that the shares are without value.

Western Metallurgical Company. Incorporated in Delaware, and its principal place of business is 1108 Luhrs Tower, Phoenix, Arizona. G. M. Colvocoresses, president of the company, informed us as follows: "This company was organized primarily to develop and apply the chloride volatilization process for the recovery of valuable metals contained in certain classes of refractory ores. Record of Activity: The greater part of the funds derived from the sale of its stock were expended in conducting experiments to perfect the process and in examining and testing the ores from many mines which appeared suitable for such treatment. The chemical and metallurgical problems involved were generally solved, but in most cases certain mechanical difficulties could not be overcome without resorting to complicated and expensive procedure. During the years that we were developing our process, other methods of treatment, notably the flotation process, made such rapid progress as to give them a great competitive advantage from a commercial standpoint.' In the course of our operations, certain specific enterprises were undertaken, and in one case a substantial profit was realized but another venture proved unprofitable. and two years ago the severe drop in the price of metals upset all of the plans and expectations which we had previously entertained. Your Directors now believe that in view of the present and prospective depression in the metal markets and the competition which we must face from flotation and leaching methods, it would be impossible to apply the chloride volatilization process with any hope of profit, except under special conditions which so far we have failed to find in conjunction with any substantial body of pay ore. Even after this conclusion had seemed unavoidable, the officers of the company continued to devote, without compensation, a large amount of time and effort to the possible revival of our business along somewhat modified lines, and the vice-president, Walter A. Schmidt, has personally paid the expenses of examining and testing several mining properties which it was hoped might be operated with profit, even though the chloride volatilization process should not be followed. Financial: In the fall of 1925, practically the entire cash balance of the company, amounting to $11,984.59, was involved in the failure of the Prescott State Bank of Prescott, Arizona, which has since paid back $5,592.29 and, according to statements of the State Banking Department, is likely to eventually pay an additional $600 or possibly $1,200 during the next few years, substantially less than is now owing by the company to its officers for out-of-pocket expenses actually incurred on its behalf. There are no other assets of commercial value, as the physical equipment was sold or scrapped during the progress of our work and our patents appear to be of no value during the remainder of their life. Recommendation: Since no funds are now available to maintain the corporate existence of the company, and the prospect of any profitable operation seems exceedingly remote, the directors regretfully recommend to the stockholders that the existence of this company should be allowed to terminate with no liability against any of the stockholders, and that its remaining assets should be applied to payment of the company's financial obligation to its officers. Pending definite action on this matter,

Name **Date Charter Forfeited** **Vol.**

which it is proposed to take at a special stockholders' meeting to be called for November 20, 1931, any constructive suggestion will be welcomed and given most careful consideration."

Western Metallurgical Company
Financial Statement
October 14, 1931

Funds Received:		
Sale of stock		$84,411.00
Sales of Horn Silver Tailings	$85,464.81	
Less purchase price	42,752.41	
		42,712.40
Miscellaneous income		3,087.41
		$130,210.81
Less:		
Organization expense	4,136.57	
Operating and technical expense	115,755.48	
Prescott State Bank loss*	5,992.30	
Signal Mines loss	4,166.22	
		130,050.57
Balance		$160.24
Cash Assets:		
Security, First National Bank of L. A.		135.24
Petty cash		25.00
		$160.24
Obligations:		
Walter A. Schmidt, cash advance only		3,850.00
G. M. Colvocoresses, cash advances only		230.00
		$4,080.00

*Some further repayments expected as per report.

According to the above balance sheet the preferred and common stocks are absolutely worthless for the obligations will absorb any other assets that might be recovered. Therefore, we submit the common and preferred shares as worthless as of August 4, 1931.

Western Mining Development Company. Incorporated in Delaware. Capital, $1,500,000. The charter of this company was proclaimed by the Governor in January, 1905, for non-payment of taxes and we find no trace of it since that time. The last reported officers were: John Oxford, vice-president; A. H. Gager, treasurer, 1208 Real Estate Trust Bldg., Philadelphia; W. Harry Miller, secretary, Philadelphia. There have been no sales or quotations of this stock for many years, and we believe it worthless at the present time.

Western River Gold Dredging Company. Incorporated in Arizona, April 27, 1907 and since that time has failed to file annual reports or pay fees. Accordingly we are unable to find any trace of this company for a great many years and believe it out of existence. As far as we can ascertain there is no market for the stock which we believe valueless at the present time.

Western Securities Corporation. Incorporated in Arizona and according to reports has filed its report and paid its corporate fees up to and including 1933. The president of the company is E. W. Clayton, and the secretary, W. E. Clapp, both of whom live at Tucson, Arizona. Letters addressed to the company have not been answered nor returned. Apparently the company refuses to furnish us with any information. There is absolutely no market for the stock. In view that there is no market for the stock, we believe the shares have only a nominal value at this time.

Western Timber Company. This is a domestic corporation and its principal place of business is at Vancouver, Washington. Its license fees have all been paid to July 1, 1929. Trustees as follows: J. T. Gregory of Tacoma; John Rearson, Vancouver; E. E. Coovert who died June 13, 1904. According to an officer of the company this concern has splendid holdings although it has suffered during the past few years in the general depression of the timber business. The company believes they are more fortunate than most timber companies. The outlook for the future seems good, this being due to a reduction in production. The trouble in the past being overproduction. The company has a debt of a first mortgage on its Washington timber for $1,500,000. They also have a considerable amount of bills receivable, with maturities ranging from one to ten years. It cannot be said when a distribution will be made on this stock, but do not believe it will be in the near future. Further information may be obtained from the Western Timber Co., 1014 Pacific Bldg., Portland, Oregon, Mr. George D. Bavor.

Wheatcrisp Products Company.	Incorporated—Ohio. Officers—S. W. Edenam, President; E. H. Wishern, Secretary. This company filed its last report in 1925 and since that time we are unable to find any trace of it. On February 15, 1927 its charter was forfeited for nonpayment of taxes. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

White Bear Copper Mining Company. Incorporated in Arizona February 9, 1907, and since then has failed to file reports or pay registration fees. We failed to find any record of this company's operations or any evidence that the stock ever had a

Name	Date Charter Forfeited	Vol.
value. It is our opinion that the shares are worthless.		
White Bear Corporation. Value of Class "A" stock of no par value. Incorporated in Delaware. In 1923 this corporation had an office at 52 W. 46th Street, New York City, and the following men were directors of the corporation: James L. Watson, Thos. E. Holfe, F. N. Butehorn. In 1926 the company was reported out of business. Mr. Arnold R. Boyd, formerly secretary of the company, is an attorney located at 57 William Street, New York City, and he informed us that the stock of the corporation is absolutely without value. The corporation merely held some patents which proved of little value. Charter of the company was forfeited January, 1932. In view of the above, we submit the capital stock as worthless.

White Laundry Co.		2
White Lick Gas & Oil Company.	Incorporated in Delaware. This company is no longer in existence, its charter having been forfeited in January, 1908, for non-payment of taxes. The last address of record was 225 Main Street, Henderson, Ky., and the following were the officers: President, Fred H. Grayser; Treasurer, R. C. Soaper; Secretary, A. B. Sights. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Whiteland Mfg. Corp.	N. Y. 1930.	
Whiteland Radio Co. Inc.	N. Y. 1929.	
Whiteland Radio & Electric Corporation.	Incorporated in Delaware and was located at 1600 Chestnut Street, Brooklyn, New York, in 1925. Officers—Jesse Lee Spence, President; A. E. Spence, Treasurer. Mr. A. E. Spence, who is located at 937 E. 22nd Street, Brooklyn, New York, informed us that the company wound up its affairs some years ago and is out of existence. He informed us that he holds a substantial amount of the stock and has considered it a total loss. In view of the above, we submit the shares as having no value.	
Whiteland Radio & Electric Corp.	Del. 1929.	
Whiteland Silica Company.	Incorporated in New Jersey. We have been unable to find any trace of this company for a great many years and believe it went out of existence. Furthermore the Secretary of State of New Jersey advises that he has no record of a company with the above title. We

Wichita Southern Oil Producers Co.		1
Wichita Southern Oil Producers, Ltd. This company was reported as a Texas Corporation. However, the Dept. of State of Texas, informed us that they do not find any such company listed in their files as a foreign or domestic corporation. We have searched our oil registers and failed to find any record of the company. It is our opinion that the company is out of existence, and the shares worthless.

Wilkes Barre Coal Company. Incorporated in New Jersey. On Mar. 11, 1924 its charter was forfeited for non-payment of taxes. We are advised by the Referee in Bankruptcy that the First Mortgage Collateral Trust Gold 5% Bonds, due Mar. 1, 1940, are worthless. No interest was ever paid thereon. The company is out of existence and nothing is known of the present whereabouts of the parties who promoted this corporation.

Willapa Harbor & Coast Line Ry. Co.		3
Willapa Harbor Corporation. First Mortgage 6's due 1920. We have been informed that the company failed in 1921 and lost their corporate existence in 1923. The Bank of America or the Fidelity Trust Company evidently considered the matter closed as far as they were concerned for it would not have been worth-while to institute foreclosure proceedings. We are of the opinion that it would have been a waste of money to form a committee for the situation was hopeless. We do not believe the bonds have any value.

Williamsburg Trust Company. This company was in the process of liquidation from about 1915 to 1921. The proceeds of the sale of assets were far below the outstanding indebtedness and we understand all stockholders were wiped out. On November 12, 1921 160 shares of stock sold at auction for $10 the lot. We believe the stock valueless at he present time.

Willing Mining & Exploring Company.	Incorporated in Pennsylvania about 1873. We have searched our own files and many other sources of information available to us but can find no record of this company for a great many years. The Secretary of State of Pennsylvania advised us that he has no record of such a company. As far as we can ascertain there is no market for the stock. which we believe valueless at the present time.

Wilson Brothers. Value of 100 Shares of Preferred Stock, par $100. Wilson Brothers was organized under the laws of the State of Illinois, Jan. 11, 1898, and has an authorized capital stock of $1,000,000. The address of the company is 528 So. Wells Street, Chicago, Ill., and the officers

Name	Date Charter Forfeited	Vol.
are: L. H. Crawford, Pres., 1648 E. 50th Street, Chicago, Ill.; M. K. Wilson, Secy., 429 Sheridan Road, Winnetka, Ill. There is absolutely no market for the preferred shares as the stock is closely held. The company informed us that the book value of these shares is considered at par, although the stock could not have been sold at that price at any time near the date of death. In order to estimate a fair valuation for these shares as of the date of death, it will be necessary for us to have balance sheets and earning statements for a period of at least three years preceding the date of death. In absence of the above, we hesitate to place a valuation on the preferred shares as of the date of death.

Wilson Milling Company.	Incorporated in Kansas May 22, 1884 and was located at Wilson, Kansas. The corporation was to exist for a period of 20 years, so the time expired on May 22, 1904. We have found no value to the stock of this company and believe it without value. On May 12, 1905 there was a charter granted to a company of the same name. This charter is dead under Chapter 129, Laws of Kansas of 1911. The stock of this company is without value.

Wimbush Realty Co.	N. J. 1930.	
Wimddaughsis.	Incorporated under the laws of the District of Columbia and its shares were dated 1891. Our correspondent in Washington, D. C., informed us that they were unable to find any record of this company. No such name is listed in their Washington directory. It is our opinion that the company is out of existence and the shares worthless.

Winter Harbor Company.	It is our understanding that the property of the Winter Harbor Company was sold at a foreclosure sale of a first mortgage covering same about ten years ago, and the amount realized did not leave anything for the stockholders. We do not know whether or not the Winter Harbor Company has ever been dissolved, but it is our understanding that it has conducted no operations for over ten years, that it has no assets, and that its stock is without value.

Wladikawkas Railway Company. 4% Loan of 1900—due 1957. This company has 1700 miles of road running between the Volga and Don Rivers and the Caspian, Black and Azof seas. Principal and interest upon these bonds were guaranteed by the Russian Government. The N. Y. Trust Company, J. P. Morgan & Co., and the National City Bank acted as agents in negotiating the loan in 1900. The New York Trust Company acted as paying agent for the bonds. There is absolutely no market for the bonds at the present time and unless conditions change or a new government is installed in Russia it is hardly probable that the bondholders will realize anything for years to come. However, we suggest that you hold the bonds, for it would not be to your advantage to sell the bonds at the nominal offers that might be obtained at this time.

Wolfe River Pulp & Paper Company.	Incorporated in Canada under the Companies Act. On February 15, 1924, Messrs. Cook & Magee, Royal Insurance Building, Montreal, Quebec, wrote to the Secretary of State advising that a winding-up order was issued against the company, named by the Superior Court of Montreal on May 11, 1923, and that its assets were sold on August 2, 1923, and its charter revoked. We are advised that the stock of this company has no value at the present time.

Wolff Mfg. Corp. The Wolff Mfg. Corp. was financially unsuccessful and as a result of its difficulties disposed of its business and physical assets on March 19, 1928 in accordance with the terms and provisions of the Ill. Bulk Sales Law and by a vote of more than the legally required majority of stockholders and directors. They were successful in paying only 36 1/5% to its unsecured creditors. The present Wolff Co. was the purchaser of the assets of Wolff Mfg. Corp. According to our information the Wolff Mfg. Corp. was liquidated by action of the Secretary of State of Illinois for non-payment of its 1928 franchise tax and its additional outstanding indebtedness remains unpaid. The present Wolff Co. is in no way connected with the former Wolff Mfg. Corp. and stock in the Wolff Mfg. Corp. is valueless.

Wood Packless Lasting Machine Company. Incorporated—Maine. We have searched our own files and other sources of information available to us, but can find no trace of a company with the above title, and it is our belief that it went out of existence. The Secretary of State of Maine advises that he has no record of this company being incorporated in Maine. As far as we can ascertain there is absolutely no market for this stock and in view of the above believe it valueless at the present time.

World Publishing Company. J. J. Levins, Treasurer of The Cleveland Company of Cleveland, Ohio, informed us that the World Publishing Company surrendered its charter about 1896, it having been taken over by the Meridian Printing Company. The last company went out of existence in 1912. It is, therefore, reasonable to assume that the shares of the World Publishing Company are without value.

Wright, A. W., Lumber Co.		3
Wright, A. Z., Drug Co.		1
Wright Advertising Cabinet Company. This company was incorporated in New York November 28, 1898, and at the time had an office in Rome, N. Y. We are unable to find any trace of the company for a long time and believe it went out of existence many years ago. On March 11, 1926 the company was dissolved by Proclamation of the Governor. As far as we can ascertain there has been no market for the stock for a number of years and we submit zero as a fair value for it as of August 13, 1929.

Wright-Tuttle Aircraft Motors Corporation.	The stock of this company was offered in 1929 and brokers quoted it up to 1930. The plant and office of the company was located at Anderson, Indiana. Letters addressed to the company were returned marked "out of business". Letters addressed to the Powercraft Motors Corporation in the same city were returned marked "out of business". Apparently the company failed and dropped out of existence. The Citizens Bank of Anderson, Indiana, informed us on July 11, 1931, that the Wright-Tuttle Aircraft Motors Company and Powercraft Motors Company are not in operation and understand that the companies could not complete their organization. Therefore, it is our opinion that the shares are worthless.

Wyoming, Illinois Oil & Shale Company. This company filed its last report in 1921 and no trace of the company can be found since that time. On August 2, 1927 the company's charter was forfeited for non-payment of taxes. There are no sales or quotations of the stock and in view of the above we believe the company out of existence and its stock without value at the present time.		
Wyoming Improvement Company. Certificate of incorporation was filed November 25, 1905 at Brooklyn, New York. We have found no record of the company's operations. The Clerk of the Court of Kings County informed us that they have no record of the company. We have found no evidence that the stock ever had a value, and it is our opinion that the shares are worthless.

Yale Associates, Inc.	Incorporated in Delaware and is no longer in existence, having become inoperative April 1, 1931. Mr. Charles N. Harmon of Ardmore, Oklahoma, was associated with this company. We have written several letters to Mr. Harmon and our letters have not been answered nor returned. However, we have found no evidence that the shares ever had a value, and believe they are now worthless.

Yardley Chemical Corporation.	Incorporated—New York. Address (1922)—120 Liberty Street, New York City. We have searched our records of New York corporations from 1918-1922, and found no record of this corporation's operations nor any evidence that the stck ever had a value. Nothing was ever distributed to stockholders as far as our records show, and it is our opinion that the shares are without value.

Yates Lumber Company.	Incorporated—New York, October 29, 1906, located at Penn Yan, New York. The Yates Lumber Company has informed us as follows: "The Yates Lumber Company are still doing business and in spite of the depression we have been making a little money. The fruit growers have had hard going for several years, and in an industry like this directly connected with them we naturally feel the conditions. We have not paid dividends for a number of years for the money that we have made has gone back into the business. Before the Prohibition Law went into effect most all the grapes through this section were packed as table grapes. Since the country went theoretically dry most of them go to wine. This has changed the character of the container, and we have practically made our plant over—new lathes, new convertible bushel staplers and some new buildings. The company is in good condition, doing business, but will not be able to pay dividends this year." In view of the above, we submit only a nominal value for the stock. (1931).

Young, Joseph W., Properties, Inc. A little over a year ago the Hollywood Companies, which are owned and controlled by Joseph W. Young Properties, Inc., and which constitute the entife assets thereof, suffered tremendous financial reverses in the form of a large judgment, amounting to substantially $2,500,000, being entered against them. This judgment effectively tied the hands of these companies so that they have been unable to make conveyances of their properties and to collect the large sums of money due under land contracts from large numbers of persons scattered throughout the country. The companies have made every effort, through offers of settlement and through vigorous litigation, to relieve themselves of this burden, but have been unsuccessful, and the judgment, coming as it did during the slump in real estate values, destroyed the large real estate equities which were owned by said companies. The owners of this judgment, the Highway Construction Company of Ohio, Inc., caused a levy to be made thereunder and on the 7th day of July purchased the properties at a Sheriff's sale, and received a deed from the Sheriff, which means that the interests of this company are substantially lost. For the reasons above stated, it is of course obvious why this company has not paid dividends. We are advised that the officers and directors of this company have done everything in their power to prevent the loss which has occurred.

Youngstown Gilpin Mining Company. Incorporated in Colorado, 1908. Capital, $1,500,000; par value, $1. Property: Two patented claims, about 5 acres, on Iuartz Hill, Gilpin County, Colo. Last reported officers: Louis Liebman, Pres.; Geo. J. Renner, Vice-Pres.; Donald J. Lynn, Secy.; Chas. Epluaim, Treas. Address: 1200 Mahoning Bank Bldg., Youngstown, Ohio. The company has been reported idle a number of years and up to the present we find no record of it having resumed operations. As far as we can ascertain there is no market for the stock, which we believe has only a nominal, if any, value at the present time.

Zenith Mining Company. Incorporated in Maine 1916 and was formerly located at Syracuse, New York. The property has not been operated since 1921 when funds ran out. Mr. W. A. Beattie, who was then president of the company, and has an office at 403 Wieting Block, Syracuse, New York, reported that the company went out of business some years ago, and only a small amount of stock was issued. He further stated that the company never did any business, and those associated with the company lost about $8,000. It is our opinion that the shares are worthless.
